To His Excellency, The Governor
and Members of the Thirty-Seventh Legislative Assembly
of the State of Montana:

In compliance with the duty imposed upon the Board by Section 84-708 (18) of the Revised Codes of Montana of 1947, the Montana State Board of Equalization herewith submits its Biennial Report for the period July 1, 1958 to June 30, 1960.

STATE BOARD OF EQUALIZATION,

W. J. Winters, Chairman

E. J. Byrne

J. A. Liggett

To His Excellency, The Governor

and Members of the Thirty-Seventh Legislative Assembly:

Gentlemen:

The most important responsibilities of the State Board of Equalization are merged in the many problems of property evaluation and assessment for the purpose of taxation.

These problems include, of course, all the original assessments of the State Board itself, demanding the highest possible competency in the field of fairness, correctness and uniformity of such assessments.

These problems reach, also, into the fairness and adequacy of all assessments initially made in each of the 56 counties, as established by the Assessors of the different counties.

These problems likewise embrace the entire field of supervisory and equalizing authority and obligation which all the County Boards of Equalization exercise in the various counties, over all property assessments at the local level.

Finally these problems cover the whole state with a compelling need for the best and fairest result possible, in placing balanced and comparable values upon all properties subject to taxation, from the local and county types to the intercounty, state and interstate units of value.

Of an importance almost equal to the necessity of equalization, is the prudent and efficient administration of the various revenue laws which the State Assembly has seen fit to place in this Board's custody.

The rates and regulations which are embodied in these enactments are subject to rather frequent change and modification, presenting a continuing challenge to administrative and regulatory processes, if fairness in application and efficiency in execution are to be achieved.

Much credit and praise should be given to Mr. J. F. Reid, former Board Member and Chairman, for his wisdom and courage in striving at all times during his incumbency, for fairness, efficiency and economy in the administration of those revenue measures which so largely support the activities of the State Government.

The Individual Income, Corporation License, Inheritance, Oil Production, Cigarette and Metal Mines tax levies combine to furnish the principal moneys for State needs.

The Highway Gasoline and Special Fuels taxes produce large revenue returns, but are earmarked and set aside for specific uses.

Seventeen other special levies or licenses such as the tax on coal, cement, electricity, natural gas, stores, freight lines, etc., etc., are handled by this Board. These measures are not too important, individually, but in the aggregate produce quite substantial revenues. These measures also bring about a broader distribution of the tax burden by reaching into somewhat isolated areas of the state economy for contribution to state needs.

Much has been done in this and previous bienniums to modernize and improve the techniques of tax collection, involving as it does, a generally increasing work load in most departments.

The installation of extensive machine operations in handling the growing bulk of work, has enabled the departments to handle the increasing work load without expanding the personnel groups.

There is a constant need and pressure for economy and efficiency in the administration of all revenue laws which are so important in state government objectives.

RECLASSIFICATION AND REAPPRAISAL

The Reclassification and Reappraisal law was enacted in 1955. The Board initiated a state-wide program in April of that year, but after a few months' progress was legally enjoined from further activity and the law was declared unconstitutional in January 1957. The law was re-enacted in a corrected form in the Thirty-Fifth session and now stands as Chapter 191, Session Laws of 1957.

The law directs the classification or reclassification of all taxable lands in the state, including timber lands. It includes also, the re-appraisal of values of all taxable town and city lots, and improvements, both urban and rural. Signed March 9, 1957, the work is to be completed in five years or by March 9, 1962. Under the law the counties are to maintain the program currently, throughout future years.

The major portion of the work has been finished, but has been somewhat complicated by its suspension by court action for nearly two years. Changes in actual production records since 1955, improvements in technical methods developed in more recent years, and changes in personnel of Boards of County Commissioners, all have contributed to some slow-up in the program. A few counties were somewhat indifferent and perhaps failed to agree with the legislature upon the driving need for greater uniformity and equalization in these broad segments of the state tax base. Not all problems have been solved relating to adjoining grades across county lines, but the differences are not great and adjustments are being made. All counties are now definitely and substantially engaged in their respective programs.

The classification or inventory of timber resources in the various counties of the state has proven to be a very difficult assignment. In 1957 the help and cooperation of the State Forestry Department was secured in making such an inventory or classification.

Some counties have decided to accomplish this project within their own areas, but 14 of the counties with extensive taxable timber areas have reached agreement with the State Forestry Department to make the required surveys. The practices being used in such surveys will utilize and take all possible advantage of the techniques and facilities already in possession of our own State Forestry Department as well as the counsel and approval of the Federal Forestry Department in the state. The results will be economical in cost of time and money, but will be adequate and practical for assessment purposes and needs. The State Forestry Department has set up a much simpler and shorter technique for counties with all timber below commercial grade. This method will likewise be economical but sufficient for intended purposes. It is expected that each county in that situation will avail itself of this opportune and valuable assistance.

Finally, the Board confidently believes that the entire reclassification and reappraisal program will be completed, or quite substantially so, by March 9, 1962, the deadline set by law. This is insured by its wide and intelligent acceptance throughout the entire state of Montana.

Progress as of October 15, 1960

Land Reclassification (excluding Timber)

THE TAX BILL

The amount of Montana's tax bill and how it is distributed, is of basic concern to all of our citizens. The property tax bill for county budget purposes for 1960 will exceed 90 million dollars. This added to 36 million dollars, the current half of the biennial legislative appropriation for state needs, amounts to 126 million dollars for local and state purposes. A figure of this size cannot be taken lightly. The state government, its institutions and subdivisions, must be maintained and operated. Assessments must be made and taxes levied.

THE TAX STRUCTURE

Montana might seriously consider withdrawal from property taxation, and largely if not altogether from the field of the net income tax, for state purposes. There could be substituted 'fluid' or 'ability to pay' sources of revenue. For many years Indiana has operated successfully its graduated gross receipts tax, on both individuals and corporations. This avoids the ever-present loopholes in the tax based on net income and presents a simple and easily understood form of return to the taxpayer for use. Indiana's favorable tax structure has attracted much industry to that state. There is reason to believe Montana could profit substantially from Indiana's example. The application of an average 1% graduated gross tax to Montana's \$1,500,000,000 annual individual turn over and \$1,300,000,000 corporate turn over could conceivably produce 25 to 30 million dollars for the state general fund. Such an innovation would, of course, require a Constitutional amendment and appropriate statutory changes.

TAXATION OF TRUCKS

Truck lines in most cases are common carriers and operate in competition with pipelines, railroads, and airlines. It is believed such transportation units of this character, doing intercounty and interstate business, should be assessed by the State Board in exactly the same manner as other utilities and then apportioned to the various counties in which these units operate.

CORPORATION LICENSE TAX

In compliance with the State Board's recommendations the federal tax was eliminated as a deduction by the 1959 Legislature. This has resulted in additional corporations being required to pay in excess of the minimum filing fee.

| | 1959 | 1960 |
|---|-------------|-------------|
| Total taxpaying corporations | 5,074 | 5,531 |
| Those paying only minimum fee | 2,554 | 2,628 |
| Number of small business corporations | None | 461 |
| Total revenue collected | \$2,919,841 | \$4,670,942 |
| Deficiency audits | 187,518 | 194,421 |

Effective with taxable years ending on and after 12-31-60 tax rate on corporation will decrease from 5% to 4½%. This will bring about an estimated over-all reduction of \$450,000 in collections. 75% of corporation tax is credited to the General Fund.

INDIVIDUAL INCOME TAX

In the individual income tax division many small amendments to the present statutes, for clarification purposes, are in order and should be considered at the 1961 Legislative session. The elimination of the federal tax as a deduction is still highly desirable to equalize proportionately the state tax among the several brackets. This would cancel the large deduction within the higher brackets and tend to cancel many of the 28,000 non-taxpaying returns.

| | 1959 | 1960 |
|---|-------------|-------------|
| Net Collections for Fiscal Year | \$8,360,453 | \$9,765,608 |

75% of these collections are credited to the State General Fund.

INHERITANCE TAX

Inheritance tax collections were:

| | |
|--|----------------|
| For fiscal year ending June 30, 1959 | \$1,996,209.38 |
| For fiscal year ending June 30, 1960 | 1,774,933.27 |

| | |
|--------------------|-----------------------|
| TOTAL | \$3,771,142.65 |
|--------------------|-----------------------|

| | |
|------------------------------------|-------|
| Cases closed during biennium | 6,830 |
|------------------------------------|-------|

| | |
|-----------------------------------|-------|
| Cases on file June 30, 1960 | 3,300 |
|-----------------------------------|-------|

All inheritance tax collections are transferred to the State General Fund.

CHAIN STORE LICENSE TAX

The chain store license statute requires a graduated license fee on all stores doing business within Montana. Under amendments effected by the 1955 Legislature, operators of establishments of this nature who fail to renew their license by March 1st of each year are penalized by being assessed double the original fee. New stores opening for business after September 1st on any calendar year need not apply for license until January 1st of the succeeding year. All collections are for the State General Fund.

STORE LICENSE TAX FEES:

| | |
|----------------------------------|----------|
| Wholesale Store—Each Store | \$ 38.00 |
|----------------------------------|----------|

Retail Mercantile Establishments

| | |
|--|-----------|
| One Store | \$ 5.50 |
| Second Store | \$ 50.50 |
| Third Store | \$ 100.50 |
| Fourth Store | \$ 150.50 |
| Fifth Store and Each Store in Excess of Five | \$ 200.50 |

Retail Gasoline Filling Stations, Gasoline Distributing Plants, Grain Elevators, Lumber Yards and Hardware Stores:

| | |
|---|----------|
| One Store | \$ 5.50 |
| Second Store | \$ 8.00 |
| Third Store | \$ 15.50 |
| Fourth Store | \$ 23.00 |
| Fifth Store | \$ 30.50 |
| Sixth Store and Each Store in Excess of Six | \$ 38.00 |

CHAIN STORE LICENSE TAXES:

| | |
|----------------------------------|--------------|
| Fiscal year 1958-1959 | \$172,019.00 |
| Licenses Issued for Period | 11,166 |
| Fiscal year 1959-1960 | \$180,807.00 |
| Licenses Issued for Period | 11,643 |

CIGARETTE LICENSE TAX

Chapter 56, Title 84 R.C.M. 1947, requires that each dealer in cigarettes, whether wholesale or retail, obtain a license from the Board of Equalization before any sales are made. These licenses are permanent during the life of the firm to which issued unless revoked by the Board. License must be returned for cancellation if cigarette sales are discontinued.

A cash bonus for Montana World War II Veterans was provided for by Initiative No. 54 above the original requirements of Chapter 56. The funds thus accrued to be financed by an additional per cigarette package tax of 2c above the original requirements of Chapter 56. The funds thus accrued to be credited to the World War II Veterans Compensation Fund.

The 1957 Legislature amended Initiative Measure No. 54 to provide for an Honorarium payment to Montana Veterans of the Korean War. This to be financed by another additional 1c tax per cigarette package. Funds so collected to be credited to the War Veterans Compensation Korean Fund.

Chapter 222, 1957 Session Laws provided for an excise tax of 5c per cigarette package. Funds so collected are subject to an 8% discount to dealers, the remainder to be credited to the State General Fund. No discount allowable on funds collected for the War Veterans Compensation Fund.

FUEL

If the gasoline tax refund law is to remain in effect, also the requirement that the 6c gasoline tax be collected at the source or refinery, then, for economical administration the fuel tax of 9c should be collected at the source or refinery.

| | 1959 | 1960 |
|-------------------|-------------|-------------|
| Collections | \$2,122,791 | \$2,386,055 |

All collections are credited to the Highway Fund.

GASOLINE PRICES

In compliance with Chapter 137, Session Laws of 1957, we have listed gasoline prices as quoted in 55 cities across the nation. Column one is the tank wagon, or so-called wholesale price to the retail outlets or ordinary bulk users. Column two combines this price, with the local dealer markup to complete the retail price less tax. Column three is the combined federal and state tax applicable for each state. Column four is the sum total of the above which provides the price for the product ready for retail delivery.

Following are 1959 averages for 55 cities in cents per gallon, computed from first-of-the-month prices, as compiled by The Gasoline Retailer. State and/or local sales tax at Buffalo, New York, Atlanta, Jackson, Chicago, and Detroit is not included in prices. Prices are for regular-grade (house-brand) gasoline. U. S. average for 1950 and prior years are based on reports from 50 cities.

SUMMARY OF ACTIVITIES

Space allows for only a general summary of the duties and activities of the Board of Equalization. They fall into four general fields.

- (1) Administration and supervision of all state tax laws.
- (2) Equalization as required in Section 15, Article 12, Montana Constitution.
- (3) Assessment of all intercounty property such as railroads, power lines, pipelines, airlines, and telephone lines. Also the assessment of net proceeds of mines and oil production.
- (4) Assessment and collection of inheritance, income, and many license taxes.

Taxable value of all property assessed by the State Board approximates 20% of the entire state taxable valuation. Fifty-nine such assessments must be made and total assessed value exceeds one-third billion dollars. These intercounty properties assessed by the Board are:

| | | | |
|---------------------------|---|---------------------|----|
| Railroads | 7 | Pipelines | 8 |
| Power Lines | 3 | Airlines | 4 |
| Telephone Lines | 5 | R. E. A. | 23 |
| Telegraph Lines | 1 | R. T. A. | 8 |

License taxes administered by the Board are:

| | |
|--------------------------|--------------------------------|
| Personal Income Tax | Cement and Plaster License Tax |
| Corporation License Tax | Cigarette Tax and License |
| Inheritance Tax | Electrical Energy Tax |
| Gasoline License Tax | Natural Gas Tax |
| Freight Line Tax | Telegraph Company Tax |
| Sleeping Car Tax | Contractors License Tax |
| Oil Production Tax | Chain Stores License Tax |
| Coal License Tax | Vermiculite License Tax |
| Carbon Black License Tax | |

OIL PRODUCERS LICENSE TAX

Title 84, Chapter 22 of the Revised Codes of Montana of 1947, enacted by the Legislature of 1921 provided for a license tax in an amount equal to one per cent of the total gross value of all petroleum and other mineral crude oils produced within the state, the proceeds from this act to be deposited to the credit of the general fund of the state. The Legislature of 1923 amended the law, raising the tax to two per cent. Section 84-2202 as amended, Chapter 221, Laws of 1957 provides for 2½% of the gross value in excess of four hundred and fifty (450) barrels per calendar quarter for each lease or unit.

Various other expenses such as Administrative Costs and other information pertinent to the Highway Department will be covered by the report of the Highway Department.

Tax increased July 1, 1949 to six cents.

Tax increased April 1, 1955 to seven cents on gasoline, nine cents on diesel fuel.

Tax decreased January 16, 1958 to six cents on gasoline.

Taxation of Mines

At the time of the constitutional convention, in 1889, Montana's only industries worthy of mention were metal mining and stock raising, with mining greatly predominant. Because of the peculiar character of mining property, and in recognition, perhaps, of the practical impossibility of intelligently valuing our fissure vein mines, the delegates to that convention wrote into the constitution the "net proceeds clause" providing a special method for the assessment of such property. Under this provision and subsequent legislation, mines are assessed by the county assessors at the price paid the Government therefor, and on improvements and machinery of all kinds. If the surface ground has a separate and independent value for some other purpose it is assessed at its full value for such other purpose. Net proceeds are assessed by the State Board of Equalization, such assessment being based on verified statements filed with the board by the producers and certified to the counties in which the mines are situated. The taxable value of the assessment at the price paid the Government (\$2.50 to \$20.00 per acre) and of the net proceeds assessment is 100% of the full and true value. The taxable value of the machinery, structures and appurtenances is 30% of full and true value. These assessments all take the regular levies applicable to the taxing district in which the property is located.

Coal mines, oil properties, lime rock, gypsum and other quarries and mines producing precious and semi-precious gems or stones, or any other valuable mineral or minerals, all come within the provisions of the net proceeds law and are assessed as outlined above.

Royalties

Oil and gas royalties are assessed in the name of the operator who is jointly liable with the royalty owner for the payment of the tax. The tax is payable by the operator, who may withhold the amount so paid from future royalty payments. Other royalties are assessed direct to the royalty owner. Each royalty is valued at the amount received by the owner, and is assigned to Class 1, taxable at 100%.

Mines License Taxes

In addition to the taxes paid on the assessments listed above, coal mine operators are required to pay direct to the state treasurer a license tax of five cents per ton on all coal mined in excess of 50,000 tons annually; oil producers pay 2% of the value on the first 450 barrels of all oil produced and 2½% on the balance of production; cement manufacturers pay four cents per barrel; plaster manufacturers pay five cents per ton, and metal mines operators pay annually a tax based on the market value of the metals produced. Coal, oil, cement, and plaster license taxes are treated more fully in another part of this report.

Metal Mines License Tax

The amount of metal mines license tax is determined by the State Board of Equalization from verified reports filed by the metal producers, and in this connection the board has authority to examine the books of smelters and reduction works if it deems such examination necessary or advisable. The first \$100,000 of gross production in each year is tax exempt; the next \$150,000 or portion thereof pays a tax of ½ of 1%; the next \$150,000 or portion thereof pays a tax of ¾ of 1%; the next \$100,000 or portion thereof pays a tax of 1%, and all over \$500,000 pays a tax of 1¼%.

In arriving at the market value of the metals, average quotations in Engineering and Mining Journal are used as a base, and from these average prices, the Montana value is determined. The same average prices govern all assessments. The amount payable by the metal producers in 1959 was \$788,747. In 1960 the amount payable is \$756,836. All of this revenue is credited to the general fund of the state.

**TITLE 84, CHAPTER 3, REVISED CODES OF 1917 AS AMENDED BY CHAPTER 178, LAWS OF 1951
AND CHAPTER 88, LAWS OF 1957**

CLASSIFICATION OF TAXABLE PROPERTY

"84-301. (1999) For the purpose of taxation the taxable property in the state shall be classified as follows:

"Class One. The annual net proceeds of all mines and mining claims, after deducting only the expenses specified and allowed by Section 84-5403; also where the right to enter upon land, to explore or prospect, or dig for oil, gas, coal or mineral is reserved in land by any person or corporation, the surface title to which has passed to another, the assessor and the state and county boards of equalization shall determine the value of the right to enter upon said tract of land for the purpose of digging, exploring, or prospecting for gas, oil, coal or minerals, and the same shall be placed in this classification for the purpose of taxation.

"Class Two. All household goods and furniture, including clocks, musical instruments, sewing machines, wearing apparel of members of the family, and all personal property actually used by the owner for personal and domestic purposes, or for the furnishing or equipment of the family residence; all agricultural and other tools, implements and machinery, gas and other engines and boilers, threshing machines and outfits used therewith, automobiles, motor trucks and other power-driven cars, vehicles of all kinds, boats and all water craft, harness saddlery and robes.

"Class Three. Livestock, poultry and the unprocessed products of both; stocks of merchandise of all sorts, together with furniture and fixtures used therewith; and all office or hotel furniture and fixtures.

Class Four. All land, town and city lots, with improvements, manufacturing and mining machinery, fixtures and supplies, except as otherwise provided by the constitution of Montana, and except as such property may be included in Class Five.

"Class Five. (a) All moneys and credits, secured or unsecured, including all state, county, school district and other municipal bonds, warrants and securities, without any deduction or offset; provided, however, that the terms 'money and credits' as herein used shall not embrace the moneyed capital employed in the banking business by any banking corporation or individual in this state.

"(b) All poles, lines, transformers, transformer stations, meters, tools, improvements, machinery and other property used and owned by co-operative rural electrical and co-operative rural telephone associations organized under the laws of Montana.

"(c) All unprocessed agricultural products either on the farm or in storage, irrespective of whether said products are owned by the elevator, warehouse or flour mill owner or company storing the same, or any other person whomsoever, and excepting livestock and poultry and the unprocessed products of both.

"Class Six. Property formerly included in this class is now classified by Section 84-308 of the Revised Codes of Montana, 1947.

"Class Seven. All property not included in the six preceding classes."

Section 84-302. Basis for imposition of taxes. As a basis for the imposition of taxes upon the different classes of property specified in the preceding section, a percentage of the true and full value of the property of each class shall be taken as follows:

Class 1, One hundred per cent; Class 2, Twenty per cent; Class 3, Thirty-three and one-third per cent; Class 4, Thirty per cent; Class 5, Seven per cent; Class 6, Thirty per cent (See Sec. 84-308); Class 7, Forty per cent.
